# DESIGN EXCELLENCE: LANDSCAPE

*Walnut Hill Landscape Company*

Walnut Hill Landscape Company created a lush private retreat for the residents of this home overlooking the South River. Wood, stone and plantings are situated thoughtfully to create unique spaces within the landscape that is transformed dramatically by pergola, pool, and stone stairs framed by planters mounted on stone columns. Scenic vistas were improved and created by clearing up an overgrown steep waterfront slope. Walnut Hill's team removed and pruned select trees and invasive species and then installed native grasses, perennials, shrubs and trees. Installation of 80-year-old boxwoods required much finesse as they were installed with an overhead crane. As guests approach the home in late spring they are welcomed by Giant Allium, Salvia, and Knockout Roses whose fragrance and astonishing beauty combine to enchant.
